OEL 1754/63
30 SEP 1963

MEMORANDUM FOR: Deputy Director (Science and Technology)

SUBJECT : Auto Tutor Program (Teaching Machine)

REFERENCE : Memo to AD/OEL from Chief/OPD/OEL
OPD 028-63, Dated 18 Sept 63 (Attached)

1. Reference is a progress report on the use of the "Auto Tutor." It outlines the use of the machine for OEL and DD/S&T personnel.

25X1 2. An outline of the available courses is attached for your information. These teaching machine courses with other supplementary teaching material are part of an overall plan to keep our engineers and technicians up-to-date in a field in which one may become rusty. This type of training coupled with the mathematics seminar (GW auspices, taught by [redacted] of my staff) will meet a need for continuous professional training.

25X1 3. The Auto Tutor courses are in operation at Headquarters
25X1 under OPD/OEL/DD/S&T. This same teaching set-up is under procurement for use [redacted]

25X1 These courses are supplemented by the Min/Max II, Window type machine auto-teaching courses: (a) Decimal Numbers, (b) Introduction to Modern Mathematics, (c) Fundamentals of Algebra, (d) Algebra Refresher, and the Programmed Learning courses [redacted] on Algebra I and II, Trigonometry and Analytical Trigonometry. Other programmed instruction texts on order consist of: Introductory Calculus, Calculus II, Intermediate Calculus, Vectors, and Slide Rule.

[redacted] 25X1
GEORGE C. MILLER
Assistant Director for ELINT
